we are now the good guys. We must work hard to paint them in their true colours. How can we tell the team, that it is 4 weeks left to fight. If we win then we will dance like men with no cares. If we don't win, ...

Also, your advice, I see people are asking about me, the person, me. I wonder who to best tell this story. I haven't really done the fully Peter story but maybe time to do it. What way will reach members who are voting, which are the only 4505 people I care about.

Peter,

Should make for interesting reading in juxtaposition to the South Coogee Factions whining and bleating about threats they had received ( a beat up I might add) that appeared on the back page of the Telegraph a couple of weeks ago.

These bullies deserve the worst of treatment. Consider that done.

wade, Botak,

the sun herald may run the story of hte intimidation. Maybe the Tele too. Pappa, Bleadsdale AND Noeline calling members until they cry.

could a post go up saying if any members have received threatening calls, please PM you so we can ask them if they are prepared to speak on the record.

I really belive we have a chance to expose these thugs.

fyi Henry morris on radio 2SM "Why doesn't Peter do what Tony Bleadsdale does" well Henry, because I don't believe in people calling members and threatening them.

Peter
